

Coach Brunkhorst's Newsletter – Algebra, 6th Math, & Health

ALL CLASSES: Comprehensive mid-quarter grade reports will be sent home FRIDAY!

Algebra:

This week we are starting Chapter 7 (Exponents & Exponential Functions). We will take a quiz over the 1st 2 lessons on Wednesday. If students wish to retake the Chapter 6 Test, they need to schedule that with me on Wednesday or Thursday during 3rd, 5th, or 7th hour.

6th Math:

This week we are finishing up Chapter 2 (Fractions, Decimals, & Percents). Monday will be our day to review and work on our Study Guide, and Tuesday we will take the test on Study Island. There is a practice assignment on Study Island for students to use as review, as well as their PRE and MID test that they can review. On Wednesday we will begin Chapter 6 (Expressions), which involves an introduction into topics from Algebra. ☺

6th Health:

Last week we finished a Nutrition Unit that was very eye opening! This week we are starting out Stress Unit, which will include topics such as “Types & Causes of Stress”, “Depression,” “Stress Management”, and “Relaxation Techniques”.

7th/8th Health:

This week 7th & 8th grade will conclude their Nutrition units. We will discuss the effects of sugar in our bodies, healthy sources of sugar, hidden sugar sources in food, and watch a documentary called “All About Sugar”.
